## Research experiences and coursework

**Persian miniature revision:** Research spanning four years culminated in exploring Iranian miniature painting as a spatial paradigm.

**Challenging polarized visions:** Increasing urbanization in major metropolitan regions, along with the development of large infrastructural networks, is fostering the image of strong polarization.

**What to do with ski resorts after 50 years?:** The risk of reduced tourism in ski resorts over the next fifty years is increasing due to the impact of global warming, which is causing these areas to change in use.

**From waste to living shores:** Challenges of waste reuse from increasing underground urbanization and the creation of new ecologies in the face of climate change and biodiversity loss

## workshops

- Verified Certificate from 21st Century Architecture Kaleidoscope seminar (Oct. 2018)
- **Architecture of Illusion:** The role of fantasy in architecture and the psychological impact of those architectural design lines and presentations (Sep. 2020)
- **Anatomy of Public Space:** A connection between the different components of public space and the human body is meant to define a new perspective (May. 2024)
- **Dialogues on Milan:** City as a Common Resource – With a lecture by Alejandro Aravena (Apr. 2024)
