

**Dear SCE Project Team,**

**I am writing to express my interest in an internship opportunity within your multidisciplinary firm. With a background in Architecture Engineering and a growing specialization in landscape architecture, I am drawn to SCE Project's integrated design approach, where architecture, engineering, and innovation converge to create high-quality and technically advanced solutions.**

**Throughout my academic and professional journey, I have cultivated a multidisciplinary design perspective. My experience includes working with architectural and landscape firms where I developed strong skills in BIM, urban planning, and visual storytelling. I am also proficient in tools such as Twinmotion, which allows me to contribute effectively to the visual communication and real-time rendering aspects of project development.**

**What particularly resonates with me about SCE Project is your commitment to delivering complex projects through collaboration and precision. I admire your ability to bridge creativity and technical rigor, and I am eager to be part of a team that shares these values.**

**I would welcome the opportunity to contribute to your projects and to grow within your inspiring team.**

**Sincerely,**

**Mohammadjavad Shoori**
