

**Subject:** Application for Architectural Internship

Dear Hiring Team ,

I am excited to apply for the Architectural Internship. As a registered architect with two years of experience in architectural design, project coordination, and urban planning, I am eager to contribute my skills to your dynamic team while gaining hands-on experience in a start-up environment. Currently, I am pursuing my Master's in Design for Development: Architecture, Urban Planning, and Heritage at Politecnico di Milano, which has deepened my understanding of sustainable and context-driven design.

My experience includes working on civic and urban master planning projects, where I focused on optimizing design efficiency, material selection, and regulatory compliance. Proficient in AutoCAD, Revit, and 3Ds Max, I am passionate about creating innovative and sustainable solutions. The opportunity to work on-site, collaborate with a creative team, and contribute to green energy implementation excites me.

I would love the opportunity to discuss how my background aligns with your vision. Looking forward to hearing from you!

Thanks and Regards,

Hetvi Joshi (+39-3934997571)
